## Isothermal Community College

P.O. Box 804

Spindale, NC 28160

### Notes:

The table provides information to identify whether this program meets the specific state, province, or territory educational requirements. It's important to note that even if the program meets the educational requirements, licensure may also require acceptance to a registry, background checks, or meeting physical standard requirements. Students are advised to check with the agency to identify an exact set of requirements that extend above the educational requirements.

For states indicated Yes below, students successfully completing NREMT certification and holding a state in other states may obtain licensure in GA, MD, SC, TN, TX, and VA may obtain credential. Many states are integrated with the National EMS Information System, which is an EMS industry data standard that promotes a uniform method of collecting information related to EMS patient care and operations.
