### Notes:

The table provides information to identify whether this program meets the specific state, province, or territory educational requirements. It's important to note that even if the program meets the educational requirements, licensure may also require acceptance to a registry, background checks, or meeting physical standard requirements. Students are advised to check with the agency to identify an exact set of requirements that extend above the educational requirements.

In Pennsylvania, Ohio, Michigan, Massachusetts, Hawaii, Washington DC, Delaware, Colorado no registration is required to work as a Pharmacy Technician.

The Puerto Rico Board of Pharmacy does not have any strict prerequisites regarding the practice of Pharmacy Technicians, but many employers will require that you are certified through the Pharmacy Technician Certification Board (PTCB).
