

# Wireless Internet Procedure

## Wireless Internet Access

- Free wireless Internet access is provided at Isothermal Community College via the following networks:
  - # The college's wireless "Guest" network is open to all visitors and does not require a special password.
  - # The college's wireless MyICC" network is open to all student and employees. Users must use the college-provided login and password to access this network.
- Wireless service is available to all users at this institution during normal operating hours, but the college does NOT guarantee connection to the Internet.
- In accessing the College's wireless Internet service, all users agree to abide by the terms of the Isothermal Community Technology Services policy. (See "College Policies.")
- To protect its network and users, Isothermal Community College reserves the right to terminate a connection at any time or to withdraw wireless access entirely. Note: College staff cannot accept liability for personal equipment brought to the college and therefore cannot assist with configuration, installation, trouble shooting, or support of wireless devices, including but not limited to laptops and other electronic devices.
